

# PIRATE SCHOOL!

live action/animation ages 6-9

A whimsical, watery,  
one-of-a-kind  
Eco-adventure series that's  
All Pirate, All the Time

In this eccentric clubhouse, pirate professor Billy Bones and his fun-loving crew are committed to saving the globe (especially the watery parts) one kid at a time.

It's a mix of super-charged animation, rollicking music, and lovably mischievous sidekicks to engage, entertain and educate kids about the world they will be changing!

**Pirate School is currently touring nationally with a LIVE Theater Show.**
